Leucospermum Mary Lou – Yellow – 2nds!

Yellow

Attractive hybrid with lovely stems of terminal off yellow flowers in late spring to early summer It is evergreen and has a tidy growth habit. Ideally suited to open sunny situations in a free draining acidic soil. Prune back after flowering to enhance flower production next season. Prefers full sun, but can have part-shade.

Attracts birds and bees, coastal tolerant, mild frost tolerant, and a lovely cut-flower.
